Consumer Advocate for Insurance Commissioner

Vote Clean ☀ Vote Green

**Insurance? That's not a Green issue.
Insurance reform actually IS
a Green issue, and here's why:**

- ☞ **Both major parties betrayed ALL injured workers** in passing SB 899 in 2004. Larry Cafiero will work to reverse the 70 percent cuts in benefits as a result of the bipartisan Workers' Comp 'reform.'
- ☞ Implementing single-payer health care, when it finally arrives, will take an Insurance Commissioner unencumbered by corporate donations. **As a Green, Larry Cafiero does not accept corporate campaign contributions**, which leaves him unfettered when implementing the single-payer health care bill.
- ☞ **Californians need a consumer advocate.** The insurance industry has an army of lawyers and lobbyists. The people have the Department of Insurance on their side, and Larry Cafiero will be your consumer advocate as Insurance Commissioner.

Larry Cafiero, 48, is the liaison to the Secretary of State's office for the Green Party of California, and also serves on the county council of the Green Party of Santa Cruz County. He is a newspaper editor by profession. He lives in Scotts Valley with his wife Kyoko and their 8-year-old daughter Mirano.
